EXPERIENCE

February 2021 – Present
Marketing Content & Design Assistant, Enham Trust
Graduate Trainee, Charityworks

- Graduate Trainee on the UK's leading non-profit leadership development talent programme, endorsed by the Institute of Leadership and Management.
- Approached SLT to conduct user-centred research piece interviewing residents to inform the delivery of new care model.
- Designing and producing print and web-based marketing and communication assets for all departments.
- Planning, creating and writing social media and website content.
- Advocated for and introduced accessible communication assets for service-users. Built own library of Easy Read (ER) assets and templates and created own ER documents.

October 2020 – November 2020
UI Designer, Everknock, London (Remote)

- Working as a part-time UI designer in a start-up environment for their second design sprint.
- Working alongside developers to make improvements to user problems identified from their first MVP iteration.
- Developing user stories, generating ideas and solutions to user problems, identifying feature requirements and creating prototypes.

September 2019 – March 2020
Brand Ambassador (BA), Obsidian Marketing, Guildford

- B2C Direct sales role comprising door-to-door fundraising for various non-profit clients.
- Awarded ‘Emerging Talent’ award for my office and achieved number one position in the weekly fundraiser rankings twice, securing the highest donor acquisition amongst ~500 other BAs across the UK.

October 2017 – June 2018:
University clinical & research placement year,
UCL Great Ormond Street Institute of Child Health and
Great Ormond Street Hospital, London

- Working in a team to conduct a large-scale research project, involving a national sample of 100 visually impaired (VI) children.
- Assisting with participant recruitment and child assessments; maintaining databases requiring accuracy and excellent attention to detail; data entry and analysis.
- Assisting in a clinic for VI children. Observed and challenged the validity of communication assessments, motivating me to explore this subject for my dissertation.
