

Psychology graduate and UI/UX designer striving to create beautiful and simple interfaces while advocating for evidence-based practice in design. I am keen to work in a fast-paced and collaborative environment where team-work, feedback and iteration forms the backbone of the impactful delivery of user-centred products and services.

EXPERIENCE

January 2021 – Present
Marketing Content & Design Assistant, Enham Trust
Graduate Trainee, Charityworks

- Graduate Trainee on the UK's non-profit leadership development talent programme, conducting piece of Impact Research to inform practices in non-profit sector
- 12-month placement at Enham Trust

October 2020 – November 2020
UI Designer, Everknock, London (Remote)

- Working as a part-time UI designer in a start-up environment for their second design sprint
- Working alongside developers to make improvements to user problems identified from their first MVP iteration
- Developing user stories, generating ideas and solutions to user problems, identifying feature requirements and creating prototypes

September 2019 – March 2020
Brand Ambassador (BA), Obsidian Marketing, Guildford

- B2C Direct sales role comprising door-to-door fundraising for various non-profit clients
- Pitching ~100 people a day, communicating with conviction, diplomacy and professionalism
- Awarded ‘Emerging Talent’ award for my office at a nationwide industry event
- Achieved number one position in the weekly fundraiser rankings twice, securing the highest donor acquisition amongst ~500 other BAs across the UK

October 2017 – June 2018:
University clinical & research placement year, UCL Great Ormond Street Institute of Child Health (GOSICH), and Great Ormond Street Hospital (GOSH), London
GOSICH:

- Working in a team to conduct a large-scale research project, involving a national sample of 100 visually impaired children
- Assisting with participant recruitment and child assessments; contacting parents and services; maintaining databases requiring accuracy and excellent attention to detail; data entry; basic coding and analysis; recording minutes for meetings

GOSH:

- Assisting in a clinic for visually impaired children, conducting observational work and supporting patients and their families during appointments, involving patient care and interaction, discretion during work, and a strong understanding of policies surrounding confidentiality and data protection
